### Graduate Degree Map

**Old Dominion University**

**Master's Degree**

Master of Engineering Management (MEM)

#### Degree Objective
The program builds upon the technical background of engineers and emphasizes project management skills specifically required in technology-based, project-driven enterprises, such as leadership, planning, scheduling, logistics, information systems, cost-estimating, systems engineering and quality. The MEM seeks to prepare individuals to lead, organize, implement, manage and successfully complete technical projects.

#### Academic Residency
19 credit hours. The MEM degree is 31-credit hours, of which 19 hours (six courses plus capstone) are delivered in portable media (CD/DVD-ROM) format. Residency requirements can be met by completion of these portable media courses. The remaining twelve (12) hours of Graduate credit will be awarded to graduates of the Navy's Officer Nuclear Power School (including Prototype).

Students with qualifying undergraduate degrees and work experience, who are not graduates of NPS-O/Prototype or BRES may be considered to take MEM courses by portable media on a case-by-case basis. Pre-approval by the Engineering Management and Systems Engineering (EMSE) Department is required. Pre-approvals and program admissions are at the discretion of the Department. Students do not receive 12 credit hours of advance standing. However, four additional portable media courses are available to replace the 12 credits and allow students admitted through this process to complete the degree. Pre-approvals will be accompanied by a degree plan from the MEM Advisor specifying additional coursework needed to complete the Master of Engineering Management degree. Students who meet regular graduate admissions requirements and wish to seek pre-approval should contact MEM Advisor Kim Sibson (ksibson@odu.edu) to determine their eligibility and, if eligible, initiate the process.

### Points of Contact

- **Ms. Kim Sibson**: Academic Advising, Program Management & Student Support  
  Kaufman Hall 242-F, Old Dominion University  
  Tel: 757-683-4938

- **Dr. William Gideon**: Instructional Support for Faculty & Students

- **Ms. Debi Lane**: Student Admission, Registration & Support

- **Mr. David Chase**: Asst. Vice President, DL Programs Direction & Management  
  Gorton Center, 4th floor, Old Dominion University  
  Tel: 800-968-2638  
  Fax: 757-683-3106

Email: navycollege@odu.edu
